

PLAN OF STUDY FORM

Catalog Year 2024-2025
ALLIED HEALTH MAJOR

DIRECTIONS

- This Plan of Study (plan) is used as a *worksheet* during initial registration and every subsequent semester to determine minimum requirements and progress toward completing the degree. A *preliminary plan* is developed and submitted to the advisor by the end of the sophomore year (or equivalent time for transfer students).
- A final plan must be approved by advisor and the department head, and submitted to the Degree Auditor in the Registrars Office (1st floor, Wilbur Cross Building) no later than the end of the tenth week of classes of the semester prior to the anticipated semester of graduation.**
- Students must complete all major and general education course requirements and earn:
At least 120 credits toward the degree
At least a 2.0 Cumulative Grade Point Average (CGPA)
At least a 2.0 Grade Point Average for ALL courses listed in the 36 Credit Requirement
- University of Connecticut General Education Requirements (GER), are outlined in the Academic Regulations section of the *Undergraduate Catalog*. Only approved courses may be used to meet requirements.
- Students should use their Academic Requirements Report (accessible in Student Admin) along with the Plan of Study to view their graduation requirements and assess status toward degree. Students must be attentive to credit restrictions (repeated courses, out of sequence classes, etc.). Courses taken Pass/Fail may NOT be used to meet any requirements.

STUDENT AND DEGREE INFORMATION

Must be filed out complete on your final plan of study.

Select One:

Preliminary Plan

Final Plan

Name _____ Student I.D.: _____
First Middle Last

Phone #: _____ Email Address: _____

Current Address: _____
Street City/Town State Zio Code

Month and Year of Anticipated Graduation: May August December Year: _____

Are you pursuing a double major in CAHNR: Yes No If YES, submit Double Major Attachment with final plans of study

Please list below any minors that you plan to earn and submit a final minor plan of study with your final major plan of study.

At the completion of semester you intend to graduate, will you have earned 120 or more credits? Yes No

The final plan of study must be submitted to the Registrar's Office in the Wilbur Cross Building.
Please remember to keep a copy of the plan for your records.

PART I: GENERAL EDUCATION REQUIREMENTS (GER) ¹

Courses approved to meet GER are outlined in the Academic Regulations section of the *Undergraduate Catalog*.

Courses in Content Areas 1-3 must be in 6 different departments.

One course from Content Area 4 may be used to fulfill a requirement in Content Areas 1-3.

Content Area	Dept.	Course No.	Credits	Semester/Year	Grade
<input type="checkbox"/> Foreign Languages (3 years single language in high school) OR pass second course in first-year college sequence					
<input type="checkbox"/>				____ / ____	____
				____ / ____	____
ENGL 1007 or 1010 or 1011				____ / ____	____
"W" Course				____ / ____	____
"W" Course (<i>within major</i>)				____ / ____	____
"Q" Course				____ / ____	____
"Q" Course (<i>MATH or STAT</i>)				____ / ____	____
Environmental Literacy (<i>total 3 credits</i>)				____ / ____	____
1 Arts & Humanities (<i>total 6 credits</i>)				____ / ____	____
				____ / ____	____
2 Social Sciences (<i>total 6 credits</i>)				____ / ____	____
				____ / ____	____
3 Science & Technology (<i>total 6 credits – include one 4-credit laboratory course</i>)				____ / ____	____
				____ / ____	____
4 Diversity & Multiculturalism (<i>total 6 credits – one must be "International" course</i>)				____ / ____	____
				____ / ____	____

Computer Technology Competency: See major requirements

Information Literacy Competency: See major requirements

ALLIED HEALTH SCIENCES

PART II: CONCENTRATION REQUIREMENTS OF ALLIED HEALTH SCIENCES MAJOR¹

Allied Health Sciences majors must complete requirements for the standard plan or a concentration. In some cases concentration requirements can also meet general education requirements (Part I).

Important Note: While the major allows different chemistry sequences and math levels to meet program requirements, chemistry sequence and math level taken will be dependent on career goals and/or graduate program admission criteria. It is the student's responsibility to consult with their advisor for appropriate courses to complete this requirement. For example, some graduate programs may require a multi-semester chemistry sequence while others may not. Some may also require CHEM 1126Q. If required, students will complete as an elective.

Standard Plan (no concentration)

Pass ALL the Following	Credits	Semester/Year	
AH 1100	1	_____ / _____	(must be passed with a grade of C or better).
BIOL 1107	4	_____ / _____	
CHEM 1122 or 1124Q or 1127Q	4	_____ / _____	
CHEM 1125Q or 1128Q or PHYS 1010Q	—	_____ / _____

(must be passed with a grade of C or better).

ALLIED HEALTH SCIENCES

PART III: 36 CREDIT 2000 LEVEL and above REQUIREMENTS OF ALLIED HEALTH SCIENCES MAJOR

Students are required to successfully complete a group of 2000 level or higher courses. This group of courses must:

1. Total not less than 36 credits
2. Be numbered 2000 or above
3. Include a minimum of 30 credits completed at the University of Connecticut²
4. Be approved by student's advisor and department head (Do not assume any course can meet this requirement).
5. Include coursework from two or more departments
6. Include at least 15 credits from departments in the College of Agriculture, Health and Natural Resources which must be taken at the University of Connecticut
7. Not be taken on Pass/Fail (P@ / F@)¹
8. Be completed with a combined GPA of 2.0 (C) or better
9. Not include more than 6 credits (combined) of research, internship, independent study, instructional assistant, or international study (if included, these courses must be taken at the University of Connecticut)
10. Not overlap more than 8 credits with a minor. Minors may have additional restrictions related to overlap with major requirements.
11. Not include more than 6 credits of Satisfactory/Unsatisfactory (S/U) coursework
12. Not include more than 6 credits in Transfer credit with advisor and department head approval.

¹Courses taken on Pass/Fail may NOT be used to meet any requirements.

²**Residence Requirement.** It is expected that advanced course work in the major will be completed at the University of Connecticut. However, students may be eligible to use up-to six credits from other institutions in the 36-credit group if approved by their advisor and department head. These credits must be identified as courses comparable to specific University of Connecticut courses and cannot include internships, special topics, or non-specific discipline credits. Transfer students must complete at least 30 credits of 2000-level or higher course work at the University of Connecticut, including at least 15 credits in College of Agriculture, Health and Natural Resources courses.

Students are required to meet the 36-credit requirement as indicated below to satisfy both the Allied Health Sciences major and their intended concentration (if applicable). Please note: course requirements vary by concentration.

Allied Health Sciences: 2000-level required Course work

Students must pass the following required courses at the 2000-level or higher.

Requirements of ALL students:

	Dept. & Course	Credits	Sem./Year
Writing in the major	AH 4239	_____	_____ / _____
<u>NOTE: AH 4239 and 4240W must be taken concurrently</u>	AH 4240W	_____	_____ / _____
AH 2001: Medical Terminology	AH 2001	_____	_____ / _____

Requirements by Concentration:

Standard Plan (STPL): No concentration

	Dept. & Course	Credits	Sem./Year
AH Option (course must be off the approved list for STPL)	_____	_____	_____ / _____
AH Option (course must be off the approved list for STPL)	_____	_____	_____ / _____
AH Option (course must be off the approved list for STPL)	_____	_____	_____ / _____
AH/CAHNR Option (course must be off the approved list for STPL)	_____	_____	_____ / _____
AH/CAHNR Option (course must be off the approved list for STPL)	_____	_____	_____ / _____
PSYC 2000-level or above	_____	_____	_____ / _____

ALLIED HEALTH SCIENCES

Concentration in **Healthcare Administration (HADM):**

PUBH 3001: Introduction to Epidemiology	PUBH 3001	_____	_____/____

ALLIED HEALTH SCIENCES

Concentration in **Occupational and Environmental Health and Safety (OEHS):**

	Dept. & Course	Credits	Sem./Year
AH 3278: Workers' Compensation Law & Related Issues	AH 3278	_____	_____ / _____
AH 3570: Health & Safety Management in the Workplace	AH 3570	_____	_____ / _____
AH 3571: Health Hazards in the Workplace	AH 3571	_____	_____ / _____
AH 3573: Health & Safety Standards in the Workplace	AH 3573	_____	_____ / _____
AH 3574: Ergonomics	AH 3574	_____	_____ / _____
TWO (or 6 credits) of the following:			
AH 3173: Psychology of Workplace Safety	_____	_____	_____ / _____
AH 3175E: Environmental Health	_____	_____	_____ / _____
AH 3275: HAZWOPER	_____	_____	_____ / _____

Allied Health Sciences: RELATED COGNATE Course work 2000-level or above varies by concentration.

Related courses should be appropriate for career goals in the health professions and logically add breadth and depth to a concentration. Students are advised to meet with their faculty advisor to determine appropriate courses.

NOTE: Students may take additional AH and CAHNR or other courses to meet Related Cognate requirements provided the course(s) is not used to meet other major requirements, cannot include more than 8 credits of courses used to satisfy requirements for a minor, may include up to 6 credits (combined) of Independent Study, Research, Internship, or International Studies courses, cannot include more than 6 credits of transfer (T) credits, and may include up to 6 credits of S/U graded courses.

Courses must be approved by the advisor and department head on the final plan of study.

Standard Plan Credits must total a minimum of 36 credits to include credits from required courses: _____

<u>Subject Code</u>	<u>Course Title</u>	<u>Credits</u>	<u>Sem./Year</u>
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____

Health Sciences Credits must total a minimum of 36 credits to include credits from required courses: _____

NOTE: Courses used to meet the **Health Sciences concentration** must be science-based and from the following subject areas: AH/CAHNR Health Sciences concentration course option list not used to meet that requirement, BIOL, CHEM, MCB, PHYS, PNB, or others with advisor and department head consent.

<u>Subject Code</u>	<u>Course Title</u>	<u>Credits</u>	<u>Sem./Year</u>
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____
_____	_____	_____	_____ / _____

Allied Health Sciences: Related Cognate courses: _____

Total Credits in 36 credit group (minimum of 36 required): _____

Total Credits (minimum of 120 credits required for graduation): _____

ALLIED HEALTH SCIENCES

Course options to meet Concentration requirements

- Courses on these lists may be used to meet the Related Cognate requirement if not used to meet any AH requirement.
- Other CAHNR courses may be used to meet this requirement with advisor and department head consent. Potential courses must be related to the major and career track.
- Please be advised that approval of alternative courses is not guaranteed and should not be expected.

**Students are advised to meet with their faculty advisor to determine appropriate courses.

Standard Plan:

AH 2330, 3000, 3005, 3021, 3025, 3030, 3060, 3101, 3121, 3133, 3173, 3175E, 3203, 3231, 3234, 3275, 3278, 3320, 3570, 3571, 3573, 3574, 4092, 4093, 4242, 4243, 4244, 4297W, 4501, 4503, 4530

ARE 2260

DGS 3226, 4234
