*Class selection can vary. Students should meet with advisor to determine best courses to fulfill graduation requirements and career goals.

*Schedule sequence – The above sequence of courses is a sample. Actual sequencing may vary based on advising and student goals.

*Electives - The total number of elective courses needed to meet the 120 credits for graduation will vary depending on the number of credits assigned to each course. Students may need to take additional electives. Students should track credits for graduation carefully and take elective credits accordingly. Students can utilize electives to complete prerequisite requirements for advanced courses, minors, Experiential Global Learning (study abroad), internships, research, and/or courses required for graduate admissions. This plan of study assumes the foreign language is completed prior to admission to the university. If a language is required, students may take language courses as electives.

*Chemistry sequence: While the major allows different chemistry sequences to meet program requirements, chemistry sequence taken will be dependent on career goal and graduate program admission criteria. Students should consult with their advisor for appropriate courses to complete this requirement.

*University general education and competency requirements can be found here [https://catalog.uconn.edu/general-education/](https://catalog.uconn.edu/general-education/)

---

Total 120-122 credits - 120 credits required for graduation (total credits vary depending on credits assigned to required, elective, general education, AH major, and related cognate courses). Courses on P/F cannot be used to satisfy general education, AH major, and related cognate courses requirement.
Standard Plan: 36 credit Major Requirements

Catalog Year: 2024-2025

Students majoring in Allied Health Sciences must complete 36 credits of course work meeting the following requirements:

- be numbered 2000 or above
- be approved by the student's advisor and department head
- include at least 30 credits taken at UConn
- be taken in two or more departments
- include at least 15 credits from departments in CAHNR, which must be taken at UConn
- have a combined grade point average of at least 2.0
- not include more than 6 credits total of research, independent study, internship, instructional assistant, or international studies
- not be taken on Pass/Fail
- not include more than 6 credits of S/U coursework
- not include more than 8 credits of courses used to satisfy requirements for a minor
- not include more than 6 credits in transfer credit with advisor and department head approval

Required Courses

AH 2001    Medical Terminology
AH 4239*   Research Methods in Allied Health
AH 4240W* Writing for Allied Health Research
One (3cr) PSYC course; 2000 level or higher

(*must register concurrently)

AH/CAHNR Options: Must take 5 courses from the list* below (3 must be AH courses)

AH 2330 Italy's Mediterranean Food and Our Health#
AH 3000 U.S. Healthcare System and Prof. Practice
AH 3005 Biostatistics for Health Professions
AH 3021 Environment, Genetics and Cancer
AH 3025 Human Physiology in Health and Disease
AH 3030 Fundamentals of Brain, Behavior, and Health
AH 3060 Healthcare Genetics and Genomics
AH 3101 Health and Wellness for Life
AH 3121 Immunology for the Medical Laboratory Sciences
AH 3133 Cancer and Your Health
AH 3173 Psychology of Workplace Safety
AH 3175E Environmental Health
AH 3203 Aging: Implications for Health Professionals
AH 3231 Program Planning for Health Promotion
AH 3234 Fitness for Health
AH 3275 HAZWOPER
AH 3278 Worker's Compensation
AH 3303 Disability Law, Policy, Ethics, and Advocacy
AH 3320 Introduction to Infectious Diseases
AH 3570 Health and Safety Management in the Workplace
AH 3571 Health Hazards in the Workplace
AH 3573 Health and Safety Standards in the Workplace
AH 3574 Ergonomics
AH 4092 EMT Training®
AH 4093 International Study in Allied Health#
AH 4242 Counseling and Teaching for the Health Prof.
AH 4243 Current Issues in Health
AH 4244 Management for the Health Professional
AH 4297W Honors Thesis in Allied Health Sciences
AH 4501 International Health
AH 4503 Poverty and Public Health
AH 4530 Health Equity and Social Determinants of Health
ARE 2260 Food Policy
DGS 3226 Current Genetic Research
DGS 4234 Diagnostic Molecular Technologies
KINS 2200 Intro to Athletic Training
KINS 2227 Exercise Prescription
KINS 3222 Mind, Body, and Sport Performance
KINS 3320 Exercise Psychology
KINS 4500 Exercise Physiology
KINS 4501 International Health
KINS 4503 Poverty and Public Health
NUSC 2200 Nutrition and Human Development
NUSC 3230 Community Nutrition (also DIET)
NUSC 4236 Nutritional Biochemistry and Metabolism
NUSC 4250 Nutrition for Exercise and Sport
PATH 2800 Medical Cell Biology
PATH 3700 Emerging Infectious Diseases and Pandemics
PATH 4000 Bioinformatics in Molecular Epid of Infec Dis

* Some courses have prerequisites and are not offered every semester; students are advised to reference the catalog for course requirements. Some courses may require departmental/advisor/instructor consent; subject to availability.

# International studies course
@ EMT program with additional cost

Related Cognate Courses: Additional courses to meet the 36 credit requirement.

Courses should speak to the student's career goals and interests and/or graduate admission requirements. Students are advised to consult with their advisor in advance of enrollment. Approval by advisor and department head is required.
